

Pass Christian University announces the launch of online courses Introduction to Photoshop CS4

By B L Haven

Dated: Jul 03, 2009

Pass Christian University (PCU.edu) is pleased to announce the launch of two new online courses.

Course 1: Introduction to Photoshop CS4

Department: Digital Photography & Digital Video

Instructor: Sherry London

Learn to use Adobe Photoshop CS4 to edit images, process photos, and create original graphics. Whether you're a photographer, graphic artist, or just want to alter old family photos, Photoshop is the program for you! This hands-on, project-oriented course is filled with detailed, step-by-step instructions you'll have no trouble following as you master editing photos, creating basic paintings, and preparing your images for printing.

Discover how to improve photographs by removing flaws, correcting for poor exposure, or adding new elements using the newest techniques Photoshop CS4 offers.

Course 2: Intermediate Visual Basic 2008

Department: Database Management & Programming

Instructor: Jeffrey A. Kent

Gain in-demand VB skills writing sophisticated Windows programs that implement Structured Query Language to access and modify business databases. This course is ideal if you're a Visual Basic programmer and want to upgrade your programming skills or prepare yourself for an exciting new line of work.

Feel free to forward this message to others if you think they might be interested in any of these courses. To learn more about these and other courses, simply go to Pass Christian University.
