

Dining Room Furniture set only at www.woodendiningroomfurniture.com

“Wood furniture still placed at the top chart on people searching on furniture sought. Teak and mahogany is the main product of us.”

July 13, 2009 - PRLog -- Solo, Central Java Indonesia (Press Release) June 2009 -- The strength and beauty of its fiber is the primary reason that wood continues to be a main choice for furniture material.

Established in 1999, PT. Aqsa International has grown into a well-established manufacturer and exporter company with in-depth knowledge of indoor wooden furniture.

www.woodendiningroomfurniture.com is the online store of PT. Aqsa International that provides wood dining room furniture in teak, mindi and mahogany. This site is content with dining room furniture in more than ten categories. The furniture is completely constructed in wood.

Teak is originally plantations of South East Asia, and can grow to a height of 30 - 40 m. Teak wood with its antibacterial characteristics will not become brittle. The owner of teakwood furniture, therefore, will not even find it necessarily to add a preservative to keep it looking like new. Even so, it can occasionally benefit from some polishing, or the application of some varnish, to enhance its natural beauty.

Mahogany has a generally straight grain and is usually free of voids and pockets. It has a reddish-brown color, which darkens over time, and displays a beautiful reddish sheen when polished. It has excellent workability, and is very durable.

Reasonable facts are appearing by the special benefit of wood. This site will show you more about our wood furniture especially dining room furniture. The easy navigate and clear web appear hoping keeping you stay longer and be our partner.

Uncomplicated navigate in exploring our site will show you clear picture product, easy to order and online customers service which is ready to answer your question. Our dining room furniture product make in set with the same theme.
