Certified German Translation - Accurate, Fast & Professional: Document, Web & Technical Expertise

As the world's fifth largest economy, Germany is also the world's third largest importer of goods and services. Because of German economic strength, it only makes sense to market your products and services to the 229 million speakers of German. Whether your translation is for a specific geographical location (Austria, Belgium, Germany, Liechtenstein, Luxembourg, Switzerland, or any other German-speaking regions), certified German translators from THE MARKETING ANALYSTS can help you identify how best to communicate and localize to this market. We are also expert at providing translations for the other European languages. Contact us today for a free estimate and to learn more about our language and marketing services.

### About German

German is one of the large group of Indo-Germanic languages, and within this group is one of the Germanic languages, related to Danish, Norwegian, Swedish, Dutch, and English. A standard German language did not exist in the region until the 18th Century, when several notable writers gave modern standard German essentially the form it has today. Since the economic miracle of beginning after WWII, the German language has increased in use among global businesses. Today, the German language is among the top 5 most widely used languages on the internet. German is the official language of 7 countries throughout Europe, and the most widely spoken native language in the European Union.
