King Of Designer Jeans

Jeans, around 1850s, were full or half size of pants or trousers made from denim clothe to sustain the wear

and tear of some rigorous jobs performed by laborers in US and UK, like mining, digging, farming and other similar tasks.

Today, jeans are a common casual wear around the world. Denim jeans, with their ability to sustain rough and tough weather, harsh circumstances and capacity to withstand any environmental or wear-tear challenges perfectly match the taste and interest of teens and young boys and girls round the world. This is the genre that likes and uses these denim jeans most.

Jeans are more a fashion statement today. Jeans serve a special impact to both its wearers, men and women, with their distinct specialty. While its rips and tears express the die-hard attitude in men, the same things make a women look sexy and stylish.

Jeans in Europe

Jeans have a very close relation with Europe. In fact the word Jeans itself has been derived from a material used by sailors of Italy. The word 'denim' comes from the name of a sturdy fabric called serge, which was made in Nimes of France and called as 'serge de nimes'. Europeans have never left wearing jeans. It has been their choice since its inception.

The Branded Jeans

Denim jeans have far and wide market stretched across the world. There are many popular brands in jeans, some of them are Levis, Wrangler, Diesel, Energie, Evisu, Coogi and many more. Levi's date back to 1850 when Mr. Levi Struas himself cut his tent cloth to sew pants for miners; to withstand rigors of mining during the gold rush.

The Designer Jeans

Jeans are generally made of denim clothes with threads strong enough to keep the denim together even in irregular stretches and skews. The popularity of the apparel, wide scope of their use and unlimited possibilities of designer fantasies, the jeans soon attracted fashion designers to express their idea of using age-old attire for modern legs; and satisfy the men from Mars and women from Venus. The popular designer Jeans brand in Europe is Trewano, inspired by Christiano Argentini and Sieron C, an acclaimed designer.

The Italian Jeans

The word Italian adds value to any fabric, apparel and other fashion accessories. There are many popular brands of jeans in Italy, who have captured a good market all over the world by adding the word 'Italian' with their brand name. Italy is home to many jeans wholesaler, textile wholesaler, clothing wholesaler, apparel wholesaler.

The Denim

Denim is rugged cotton clothe, especially used in manufacturing of jeans. Denim is made of sturdy twill woven with diagonal ribbing. The jeans are still made with same denim as it were years before. This is its sturdiness that made it so popular among all ages of men and women round the world, especially young.

Trewano the designer jeans
