Butterfly Meaning and Legend:

The Butterfly is a universal symbol for intense transformation for the better. Some say that the butterfly represents the spirit or the essence of the individual: the Soul. Butterflies are generally symbols of transformation because they go through a metamorphosis. They are beautiful, evasive, and, at times, inspiring. Your unconscious mind may be pointing out the most positive part of yourself or another. If Butterfly is your Power Animal or if you feel in any way attracted to it, this means you are ready to undergo some kind of transformation - you should Whisper your secret wish to a Butterfly and it will carry your desire to Great Spirit to be granted. Having given this sweet creature to the Universe, your wishes will be fulfilled in return . And so the Butterfly is a potent symbol of rebirth and renewal, particularly of the spiritual self. In world mythology, the Butterfly represents variously the journey of the spirit from life to life, the physical form of the soul searching for a new incarnation. In some legends the butterfly is the bringer of sleep and dreams, in others the symbol of feminine fertility and the bringer of children. It Also relates to Love relationships. If you feel that you Life needs a Change, whether its Love, Money or Family Situations, then you should Definitely get one as a Good Luck Totem.

Lucky Dolphin:

Dolphins are among the most intelligent creatures on Planet Earth. They have dwelled in all the oceans of the Planet for over 3 million years. They are some of the largest creatures Earth's history has ever known. They have captured the imaginations of countless Human cultures and individuals. It is also believed that dolphins possess a sophisticated language, and countless examples indicate that they can transmit information from one individual to individual. For dolphins were seen messengers for the Gods, and were closely associated with Poseidon's daughters, the Nereids, the goddess of love Aphrodite, the heroine Galatea and the music-loving sun God, Apollo. It is highly ironic and disturbing that these gentle creatures, who continue demonstrate unconditional friendship and trust and touch the lives of millions all over the world, are among some of the most endangered mammals in the world. There are some many Life Stories, where Dolphins saved lifes of Human Kind. Keep this Lucky Totem with You to Save your Self in Unexpected Situations.
