

## **The Fountain Medical Spa Introduces the SmartXide DOT CO2 Laser System to the Public...**

*The Fountain Medical Spa in Mt. Juliet Hosts Free Seminar Showcasing Gold Standard Laser Technology--SmartXide DOT CO2 in a Free, Informative Seminar*

**Aug. 6, 2009** - [PRLog](#) -- Mt. Juliet, Tenn.--Technology has finally impacted the cosmetic world with the newest laser on the market, the SmartXide DOT CO2 laser system. Proven to have the same results as a face lift--but without the effects of invasive surgery--this technology has been brightening the lives of many patients!

On Thursday and Friday, August 20, 21 at 6:30pm nightly, The Fountain Medical Spa & Boutique, located on Lebanon Road in Mt. Juliet, is presenting an onsite seminar to introduce this 'gold standard' laser--free to the public. People are invited to come and see for themselves the actual results that have been achieved through this innovative technology.

Presenting the seminar will be Dr. Charles Emerson, III of the Fountain along with RN, Keri Koch. They are pleased to have the president of SmartXide DOT CO2 as their special guest speaker that evening.

Attendees of the seminar will be able to see a live demonstration, a full presentation and have time for Q & A. Special incentives will be offered to those attending to see for themselves how to take years off your appearance--in just 1 hour!

Unlike any other skin resurfacing CO2 laser, the SmartXide DOT laser system is unique because it selectively applies the light beam in a customized pattern of tiny, micron-sized dots, rather than over the entire skin surface.

The DOT Therapy precisely delivers CO2 laser energy to targeted areas on the face or non-facial areas like the neck and décolletage, and effectively treats sun damage, wrinkles, fine lines and acne scarring.

With DOT Therapy, healing is very rapid and patients will experience redness for 5 -7 days, while experiencing dramatic improvement in skin texture and laxity, pigmentation, wrinkles and acne scars. Only a topical anesthetic is needed for the treatment.

For more information on this product or how to register for this seminar, call the Fountain at 615.758.2122. People are urged to secure their spot now, as space is limited.

Opened in 2008, The Fountain Medical Spa and Boutique endeavors to provide the most advanced, state-of-the-art skin and body rejuvenation services, in addition to offering top-of-the-line skincare products and unique gifts for the whole family. For more information on The Fountain and the services offered visit the website at [www.DiscoverYouthAgain.com](http://www.DiscoverYouthAgain.com) or call 615.758.2122.
