

Free SharePoint Consulting for SharePoint Sites, SharePoint Portals and SharePoint Intranets

By Converge Point

Dated: Aug 10, 2009

Converge Point, a leading SharePoint consulting firm, announces ONE free no obligation SharePoint consulting session aimed solely at organizations looking to implement Microsoft Office SharePoint portals and SharePoint intranets

Converge Point (<http://www.convergepoint.com>), a leading SharePoint consulting firm, announces ONE free no obligation SharePoint consulting session aimed solely at organizations looking to implement Microsoft Office SharePoint portals and SharePoint intranets.

The ONE free SharePoint consulting session is designed to allow organizations to talk to an expert SharePoint consultant to determine how best to leverage SharePoint & InfoPath within their organization. Converge Point SharePoint consultants are experts in Microsoft Office SharePoint™ 2007 and InfoPath™ 2007 technologies and leverage their knowledge to create web based workflow enabled business collaboration tools that allow for creating, gathering, sharing and approval of information across the organization.

Businesses looking to develop highly efficient collaborative Microsoft SharePoint Portals and Microsoft SharePoint Intranets for their business users, customers and vendors are strongly recommended to consider the offer from experienced SharePoint consultants at Converge Point.

Converge Point partners with organizations to perform business analysis, plan SharePoint migration strategies, architect SharePoint site structure, extend existing branding to SharePoint, develop custom business facing SharePoint applications and deploy solutions in a cost effective manner.

###

Leverage the Converge Point (<http://www.convergepoint.com/>) SharePoint Consulting Team's expertise to streamline communication among customers, vendors and partners, drastically increase employee productivity and reduce operational costs. The Converge Point team of SharePoint Consultants work with customers from around the country to provide business users with the most cost effective solutions. Our SharePoint Consultants are experts in designing SharePoint Templates, SharePoint 2003 to MOSS migration, SharePoint webparts, SharePoint Workflow, SharePoint Reporting, SharePoint Audit Trails and InfoPath Consulting. Expert SharePoint Consultants connecting organizations with secure Enterprise SharePoint Intranets and SharePoint Portals that facilitate business collaboration, streamline content management and enhance business intelligence.
