

Fandotech Awarded Spot #1383 in Inc. Magazine

By Fandotech

Dated: Aug 21, 2009

CT technology leader, Fandotech, is proud to announce its impressive standing in their debut on the Inc. 5000 list of fastest-growing private U.S. companies.

Inc. magazine began recognizing the fastest-growing private U.S. companies beginning in 1991. Its top 100 ranked list grew to 500 the following year and the year 2007 saw the unveiling of the Inc. 5000. “The list[s have] served as evidence of the significant accomplishments of entrepreneurial companies. As an Inc. 5000 honoree, Fandotech shares a prestigious pedigree with some of the most successful businesses in America,” explains Editor Jane Berentson.

Fandotech attributes their growth to the success of their Managed IT Services and Data Center divisions. Upon receiving the news of Fandotech’s standing, Brian Doyle, VP of Business Development for the technology firm said of the honor, “This is a tribute to our team whose diligence, persistence and quality delivery of our services have helped us successfully achieve our revenue goals. It is our determination to use this momentum as we continue developing and implementing business solutions for our clients,” he added, “Of course, we hope to be on the list for years to come!”
