

MIE Maintenance by MIE Solutions Purchased by A. E. Tilley Ltd.

By MIE Solutions

Dated: Oct 31, 2009

A. E. Tilley, one of MIE Solutions' valued customers recently purchased MIE Maintenance. MIE Maintenance is an asset management work order system. It maintains all the assets for an entire organization through the easy to use software.

A. E. Tilley, one of MIE Solutions' valued customers. A. E. Tilley has several locations in New Zealand and one in Australia. They specialises in punching, forming and laser-cutting sheetmetal components and products. To find out more about A. E. Tilley visit their website www.aetilley.co.nz/.

A. E. Tilley recently purchased MIE Maintenance to add to the productivity of their company. MIE Maintenance has full CMMS and work order system designed to be used for entire organizations. It maintains and repairs all the assets for an entire organization through the easy to use MIE Maintenance Software.

MIE Maintenance is a revolutionary Machine and Equipment maintenance and preventive maintenance application. This software helps companies in asset intensive industries maintain their investments by managing these assets. MIE Maintenance handles both maintenance requests and predefined maintenance tasks to notify your maintenance teams to perform work. Maintenance requests can be denied or approved. Once a maintenance request is approved a work order is created to perform the work. All the work can be logged into MIE Maintenance for historical reporting and fixed asset reporting.
