Custom woodworking such as Garden Decor items is gaining immense popularity today as it gives a unique and an exclusive look to your homes and gardens.

Aug. 21, 2009 - [PRLog](#) -- Garden Bridges and Custom Woodworking to Beautify your Home

With the right expertise and skill you can beautify your home or garden and that can be done by using a professional Craftsman specializing in Garden Bridges and Custom Woodworking.

Woodworking is an ancient art with wood, it is highly respected skill recognized by the society. Custom woodworking is gaining immense popularity today as it gives a unique and an exclusive look to your homes. Your home will look exceptionally beautiful if your lawn and garden are beautified accordingly. You can make your garden look amazingly beautiful with a custom handcrafted garden bridge, or Picnic Table. There are several woodworkers that help you with exceptionally beautiful handcrafted garden bridges for your Koi ponds and landscaped yards.

You can choose from a vast variety of garden bridges for your Koi ponds, Japanese Gardens, Landscaped Yards and several other handcrafted garden furnishings at <http://www.Redwoodbridges.com> with hundreds of different styles and options available. You can also call 479-243-0375 and speak with Rod the craftsman personally. The garden bridges are personally designed and built by Rod Bird with excellent quality to enhance the beauty of your garden. The wood used to build the top quality garden bridges is either Redwood or Red Cedar. The variety designs include Post and Rail Garden Bridges, No Rail Footbridges, Rope Rail Garden Bridges, High Rise Landscape Bridges, Red Oak Bridges, Plastic Bridges, Wheelchair Ramps, Golf Cart Ramps, Special Order Bridges and many more. With the huge collection of designer bridges and Picnic tables along with other outdoor wood crafts that you will be highly satisfied with once you choose one for your garden or yard.

The custom built handcrafted garden bridge not only look incredibly attractive but are strong enough to hold heavy loads. Your garden bridge can hold up to 400 lbs, a weight of a small garden tractor. Custom woodworking for handcrafted garden bridges not only enhance the beauty of your gardens but also uses galvanized hardware. This helps to preserve your garden bridge for a long time by preventing it from getting rusted. Your garden bridge can further be treated or stained for harsh weather conditions so that you get maximum value for money paid. The custom woodworking services not only deliver garden bridges at the mentioned address but also install them if requested. You can also get custom built wooden garden bridges up to 40 feet in length with single or double rails. You can make a choice of round, gothic or flat caps for the same low prices charged by these woodworkers.

Your wooden garden furnishings may also include a number of exclusive and decorative garden pieces like Picnic Tables, Garden benches, Arbor, trellises etc. All this adds charm and charisma to your garden and home. With excellent craftsmanship and perfect woodwork for your garden, your expectations will be absolutely surpassed! What more would you expect in a perfect home? With beautiful interiors and amazing gardens, your neighbors will surely envy you.
