

TopLine Strategies CTO Grollman Named to the MSPmentor 250

Source: TopLine Strategies

Dated: Sep 19, 2009

Exclusive Listing Honors the World's Top Managed Service Provider Executives, Entrepreneurs and Experts

Scottsdale, AZ. -- TopLine Strategies, a leading provider here of managed IT services, consulting, and staffing services, announced today that CTO Michael Grollman has landed on the MSPmentor 250 for 2009, a distinguished list of the world's top managed service provider executives, entrepreneurs and experts. The well regarded list is published each September.

“Being named to the MSPmentor 250 is a real honor,” said Grollman. “Knowing this prestigious mention is driven by word-of-mouth and personal reputation is a great feeling. It is refreshing that other industry professionals see and regard the work I contribute to shaping the IT and managed service industry. This acknowledgment only solidifies TopLine Strategies place amongst the best in IT managed services. In the future, I have every intention of remaining committed to finding the best IT innovations and service solutions available for TopLine's clients and IT users everywhere.”

“The MSPmentor 250 is the ultimate Rolodex identifying MSP and software-as-a-service (SaaS) experts,” said Joe Panettieri, editorial director of MSPmentor, published by Nine Lives Media Inc. “Our readers nominated more than 1,000 experts from across the globe for this honor. Only the most distinguished leaders from the MSP and SaaS industries landed on this list.”

The complete MSPmentor 250 report – available at <http://www.mspmentor.net> — recognizes managed services experts from across a range of disciplines, including business, technology, sales, marketing and public relations.

The MSPmentor 250 report is based on MSPmentor's editorial coverage as well as a global survey of MSPmentor readers. The online survey, conducted May through July 2009, attracted over one thousand leadership nominations. MSPmentor used several criteria to trim the nomination list down to the final MSPmentor 250. The media site considered such factors as:

- Number of times a person was nominated by third-party companies, with an emphasis on nominations from satisfied customers
- Company status on the MSPmentor 100, our annual global ranking of MSPs
- Executives' financial track record (profits, revenue growth) if materials were published
- Participation in major MSP organizations and associations
- Major industry honors and local association participation
- MSPmentor's own expertise tracking news, trends and developments across the managed services and SaaS markets

For more information about the MSPmentor 250 report, contact Editorial Director Joe Panettieri (joe@ninelivesmediainc.com).

About MSPmentor
