Next friday, october 16th launches an exciting, eclectic monthly series. owner mike krikorian is a real music lover. he encourages and supports original music.

Linda's first featured guest is 2 time 2009 grammy award winner hernan romero. one of his two grammy's is for best new latin artist.

Romero has performed with legend pavarotti, al di miola, and of course, linda chorney! linda saw him perform in a small club in greenwich village in 1990 and has been a huge fan ever since. "when i saw hernan for the first time, he blew my mind. i'm in this small restaurant, waiters stripping down to their undies, flamenco dancing on top of tables, while this brilliant man played some the best guitar i have ever heard. seriously! in this little joint. i knew that dude would become famous!"

Hernan has recorded on linda's last two albums. he is about to leave on a world tour, but as linda's long time friend, he will make this special appearance to kick-off the series!

A sneak preview performance for next month's featured artist, arlan feiles, will also be included at the show! and one more surprise guest. linda will be on stage with ralph notaro to perform and host the event.

If you are lucky enough to reserve a ticket for this intimate 50 seat show, sit back, relax, (or flamenco if you so desire!), sip on one of copper canyons wicked awesome margaritas and be prepared to be musically stimulated.

###
