

Kldguitar 30w Classic Tube Guitar Amp Head

By kldguitar

Dated: Oct 08, 2009

30w Classic tube guitar amp head from blues to metal good for gigs and practice

Kldguitar GT-30H The classical tone machine, it offers the widest palette of tones to cover any style of music. This head provides all the extra gain you'll ever need. Classic Gain and Ultra Gain channels, both with 2 modes that can take you from warm, clean tube tones to the souped-up threshold of sonic danger. A deep switch adds a resonant bass boost for a meatier bottom end and a Tone Shift scoops out the mid frequencies making it ideal for metal Tones. Reverb controls for each channel let you adjust the reverb where you need it. It connect with 12 or 15 inches speakers cabinet .

Being first amp of Affordable Classical Range amp, GT30H was developed in 2006. It has been modified several times. The sound and quality of GT30H are stable and better. it is high performance/price tube guitar amp.
