*Platinum Power Group has forged new pathways in diesel engine horsepower products for the On-Highway, Industrial, and Marine Engine market across the globe. Demanding applications require superior performance to meet business demand.*

Platinum Power Group has forged new pathways in diesel engine horsepower products for the On-Highway, Industrial, and Marine Engine market across the globe. Demanding applications require superior performance to meet ever-changing operational demands.

Platinum Power Group has been working hard to provide dependable horsepower products for Industrial equipment at shipyards, on farms, construction sites, oil fields, on highways, and city streets. Their On-Highway Transportation customers look to Platinum Power Group for performance diesel needs in trucks, RV's, School Buses, Motor Coaches, and Emergency Response vehicles. Lastly, Commercial and Pleasure Craft customers continue to rely on Platinum Power Group's horsepower products to outfit their workboats, commercial fishing, sport fishing boats and much more. No matter what application powers your business, Platinum Power Group technology can breathe new life into your Caterpillar diesel engine.

Over the years Platinum Power Group has expanded their product offering to include a wider selection of Low-End, High-End and Maximum Power plug-in parts. The easy install plug-in accessories sets them apart from the competition - garnering an additional 30-80hp and increased diesel fuel mileage. Platinum Power Group continues to revolutionize aftermarket performance parts. No hassle install, reliable and knowledgeable tech specialists, continued innovation, and research and development keep's Platinum Power Group ahead of the curve.
