Oct. 10, 2009 - [PRLog](#) -- Custom LASIK or Wavefront LASIK Wavefront Diagnosis and Wavefront Treatment India

Custom LASIK surgery, also known as wavefront LASIK or wavefront-guided LASIK, uses 3-dimensional measurements of how your eye processes images to guide the laser in re-shaping the front part of the eye (cornea)...

Wavefront Diagnosis and Wavefront Treatment

Wavefront is actually used in two separate ophthalmic events. The first is a wavefront evaluation and diagnosis of existing aberrations. The second is using what is learned from the diagnosis to create a wavefront-guided ablation for Lasik, PRK, LASEK, or Epi-Lasik...

Wavefront Diagnostic For Every Patient

Everyone considering any corneal-based refractive surgery, such as Lasik, LASEK, PRK, or Epi-Lasik should have a wavefront diagnostic. A wavefront diagnostic will determine if critical HOA are below normal, normal, or elevated...

Potential Benefits

How much you see depends on vision defects known as lower-order aberrations associated with common refractive errors including myopia, hyperopia, and astigmatism, which traditional LASIK can treat. ...
