

OrangePixel releases P.O.D. on the Android

By OrangePixel

Dated: Oct 26, 2009

How long can you survive? OrangePixel releases "P.O.D." for the Android. A classical retro game, where you move a growing line of resque-pod's through a field of asteroids.

How long can you survive?

OrangePixel releases "P.O.D." for the Android. A classical retro game, where you move a growing line of resque-pod's through a field of asteroids.

Use your skills to steer a string of pods through a field of various asteroids, try to get as far as possible and beat the highscore! Retro gaming at it's core.

Short feature list:

- * a great audio sound track
- * unlock-able achievements (RumbleX.com)
- * online high score rankings (RumbleX.com)

###

OrangePixel was founded in 2004, and has been developing and designing game concepts for the mobile market. A strong focus on original ideas and mobile game concepts is quickly setting OrangePixel aside from the large market of rehashed ideas and branded content. With OneThumb game concepts like Rocketboy, Toddlers, Sliderkids, and new ideas like the critically acclaimed Mechanics; OrangePixel has the balls to be creative.
