

Surface Mount Technology Corp. is ITAR registered to manufacture NAICS code 334418

By Surface Mount Technology Corp.

Dated: Oct 28, 2009

Surface Mount Technology Corp. is ITAR registered (registration code M22833) to design and manufacture all qualified military products. NAICS code 334418.

Surface Mount Technology Corp. is ITAR registered (registration code M22833) to design and manufacture all qualified military products. NAICS code 334418.

Administered by the Office of Defense Trade Controls Compliance, under authority established by the Arms Export Control Act (AECA), ITAR regulates the manufacture, export, import and transfer of defense articles and services within the United States, and the export of defense articles and services from the United States to any foreign destination or to any foreign person, whether located in the United States or abroad.

Companies receiving the ITAR registration demonstrate compliance to Part 121 of ITAR and have the knowledge and understanding to fully comply with the International Traffic in Arms Regulations, as well as having corporate procedures and controls in place to ensure compliance. ITAR registration means that Surface Mount Technology Corp. has met requirements pertaining to organization structure, documentation, corporate policy, training and procedures.

ITAR registration is a natural part of Surface Mount Technology Corp. in the company's evolution of providing a complete product life cycle services to companies of all sizes. Surface Mount Technology Corp. serves the Industrial Controls, Military (High Reliability), Medical and Automotive markets, by providing integrated electronic product development and manufacturing services and solutions to improve product time to market. Surface Mount Technology Corp. offers a complete menu of services including design, assembly, High Level Assembly, Test solutions, and continuing production support. Surface Mount Technology Corp. is certified ISO compliant to ISO 9001:2008 certified, the ability to provide bar code tracking, and many other capabilities to manufacture your qualified military products.

Surface Mount Technology Corp. Customer Specific Solutions:

Rapid prototyping, Material procurement, Supply chain management, Manufacturing, Higher Level Assembly, Automated Optical Inspection (AOI), RoHS Compliance, Surface mount assembly, PTH and SMT PCB assembly, Multi Layer PCB assemblies, Turnkey or consignment, DFM, DFP, DFT assistance, Global distribution management & logistics, HLA/Box builds, Mixed Technology, Hand placement assembly, System integration, Prototype assembly, Rapid turn-around PCB assembly, ICT & Functional Testing, Parts procurement and material management

Capabilities:

BGA and flip chip assembly, X-ray, Potting and conformal coating, 0201 components, Flex circuit board, In-circuit and functional testing, System level testing
