Most of us nowadays have chosen a sleek, stylish and contemporary look for our home. We love contemporary furniture which is simple, chic and functional, set off by hardwood floors. But sometimes the look needs to be softened to avoid a room becoming too cold or showroom-like. One of the best ways to do this is with a Contemporary Pebble Rug from Trendy-Products.co.uk. These sumptuous rugs are luxuriousness enough to soften any modern home, yet are entirely contemporary in their design, keeping in with the theme of the rest of the décor.

Hardwood floors look beautiful, but they don't always feel particularly comfortable under foot. The sensual deep pile of the designer Contemporary Pebble Rug, made exclusively in the USA, allows your feet to sink in, enveloping your toes after a long, hard day. Yet the bright vibrant colours and clever pebble effect lifts this from a traditional rug to a funky and modern addition to the room. The American designer brand behind these distinctive rugs is Dreamweaver, a company renowned for its innovation in product development and ground-breaking designs.

Choose from multi-toned pebbles in vibrant pink, pale purple, vivid blue, lizard green, cherry red or elegant charcoal. Each soft fabric pebble is individually handcrafted before being stitched together onto a non-slip backing to create a striking, chunky rug. Available in either 150 x 210 cm or 180 x 270 cm, there's a size and colour to fit in with your existing modern furniture and layout, and even matching large or scatter sized cushions to pull the whole look together.

The Contemporary Pebble Rug available from Trendy Products is perfect wherever you need to add a little softness under foot or inject interest in a plain or flat section of a room. It is also a great way to anchor your furniture, bringing together all the components of a room and creating a complete look. This is just one of hundreds of pieces of contemporary furniture and accessories from the home of Italian designer furniture and ranges from around the world: Trendy Products. Take a closer look at these stylish and striking rugs, or browse through the high gloss white furniture and high gloss black furniture and other best-selling pieces at www.trendy-products.co.uk.
