

2009 Zamp RZ-10 Full Face Helmet - Was \$179.99 Now Only \$79.99

One of the most in demand helmets of 2009 is retired.

Nov. 10, 2009 - [PRLog](#) -- When the Zamp RZ-10 was introduced in late 2008, it was one of the most sought after racing helmets for 2009.

The Zamp RZ-10 featured a Lightweight Fiberglass Shell, Removable and Washable Coolmax moisture wicking interior and Excellent Ventilation. The RZ-10 boasts six vents. One in the mouth area, one on each cheek, one for the scalp and two rear exit vents. Matching these vents with a coolmax interior, you are sure to stay cooler on the hottest of days.

Safety was also not compromise either with both a DOT and a SNELL M2005 Safety Rating. This helmet is perfect for both the road and the race track.

The rear spoiler serves two purposes. Besides looking great, it also stabilizes the helmet at high-speed. And for those of you that aren't 100% about the rear spoiler, it is also removable.

When the RZ-10 was released, it was priced at \$179.99. Now that 2010 is around the corner, they are now on our closeout list and are priced to sell at \$79.99 with Free Shipping.
