

ASME 2009 GD&T Pocket Guide Now Available from ETI

The Ultimate GD&T Pocket Guide has been updated to the ASME Y14.5-2009 Standard. Pre-order before December 15, 2009 to take advantage of our buy two/get one free special.

Nov. 25, 2009 - [PRLog](#) -- WESTLAND, Michigan - Effective Training Inc., a leader in the field of geometric dimensioning and tolerancing (GD&T), is now taking pre-orders for the latest edition of the Ultimate GD&T Pocket Guide, based on ASME Y14.5-2009. The 2009 edition is spiral bound and has 50% more content than the 1994 version. It contains over 100 detailed drawings that illustrate concepts and more than 40 charts for quick reference, including a geometric tolerancing summary chart inside the fold-out back cover. It's a handy GD&T reference tool that fits neatly in a shirt pocket.

“We’ve added several organizational features, including index tabs, a topical index, and a glossary,” says Alex Krulikowski, president of Effective Training. “We’ve also included 2009 standard references and cross-references to other pages within the pocket guide that contain application examples.”

The new 2009 Ultimate GD&T Pocket Guide is packed with information and easy to use. It includes English and metric rulers, ASME/ISO comparison charts, and caution statements that warn of common pitfalls in the use of tolerancing concepts. Orthographic view projections systems are now covered.

The Ultimate GD&T Pocket Guide is a handy reference tool in one convenient pocket-sized package. Carry it with you on the job and have a resource to all your GD&T questions at your fingertips. It's a valuable tool for: designers; product, manufacturing, and quality engineers; CMM operators; checkers; quality personnel; engineers; students; and anyone else who uses GD&T on the job.

At the low price of only \$10.00, it's an economical reference tool you can't afford to be without and a must for anyone who uses engineering drawings. For a limited time, they are offering a buy two/get one free special. Orders are scheduled to ship by December 15, 2009. Read more about it.

ETI is an international supplier of GD&T training and design resources, including software, books, videos, and teaching materials. ETI founder Alex Krulikowski is a renowned GD&T expert with a degree in industrial vocational education and over 30 years of industry experience. To find out more about ETI products and services, call 800-886-0909. To view a complete online catalog of products, or to sign up for their free online GD&T newsletter, visit their website, <http://www.etinews.com>.
