

How to unlock Blackberry 9700 Bold Onyx | Unlock Bell/Telus Blackberry 9700 Bold 2

By *ExpressUnlockCode.com*

Dated: Nov 25, 2009

We can provide unlock code for newest Blackberry 9700, We provide both network code and service provider code for unlocking Bell Canada 9700

We are happy to tell you we can unlock Blackberry 9700 instantly by code.

T-Mobile USA, AT&T 9700 only need one MEP2 code to unlock the phone(network unlock code)

You can easy get your unlock code by ordering through this link

<http://www.expressunlockcode.com/blackberryunlockcode.aspx>

The MEP4 is currently needed for the Telus and Bell Blackberry 9700. For these Blackberrys in particular, instead of pressing MEP2 (Network) to generate the unlock code box, users will have to press MEP4 (Service Provider Lock) instead to bring up the unlock code box. The Telus 9700 currently has only the Service Provider lock, while the Bell 9700 has both the Network and Service Provider Lock - which means you will need 2 unlock codes, which we provide. We have unlocked many Blackberry 9700 successfully.

For Telus, Bell and all other networks are not in the express service please check here <http://www.expressunlockcode.com/bbworldwide.aspx>

What does this unlocking do ?

In most cases when a cellular phone is purchased from a service provider, it is often sim locked to that provider such that only sim cards from that particular service provider will work. This phone unlocking service removes the carrier lock placed by many cell providers these days. It enables you to use your phone with any sim card, regardless which provider you bought it from.

###

We provide reliable, easily accessible unlocking services for wireless devices. We offer personal assistance to each of our customers, allowing them freedom of choice in their wireless network while increasing the resale value of their cell phones.
