

Children bedroom sets made by The Pine factory Devoran Cornwall@loloz.co.uk

Launched today is our new range the children bedroom set hand made with £100 saving

Nov. 26, 2009 - [PRLog](#) -- The Pine factory again has a new range, this time it is for children bedroom sets, on offer is a bed with a heart or train carved out, mattress, wardrobe, chest of drawers, and bedside chest. All the drawers have dovetail joints. It is a very beautiful range and at £749 there is a saving of £100. I can tell you that when you see the bed you immediately feel like lying on it, it comes with a big comfy mattress. Well, no one was around so I tried it out. Umm lovely, very nice, better than work at the Pine Factory. When I tried to get off the bed I felt something was trying to stop me. In fact there seemed something was in the mattress itself I felt a ridge and movement. 'What' I thought, this is a new range of children's furniture and there is something in the mattress. I tried to roll off, but whatever was in the bed formed a mountain between me and the edge of the bed. I found a small saw on the floor of the pine factory, and started to saw through the cover, there was something long, green and crinkly inside, it was a CROCODILE and it was looking at me. I started bargaining, I will be good for the rest of my life, I will give a reasonable percentage of money away, OKAY a lot of money away. The Croc closed its eyes, I jumped off the bed and started running. At first my legs would not move fast, they were jelly, but soon they responded, I ran, and ran. I changed my job to work in local government, I bought a tweed sports jacket, and never ever looked over my shoulder or slept on a comfy mattress again

#

Manufacturers of Pine furniture, sold in Cornwall in own shops, and selected items on the internet. The speciality is small wardrobes
