"My moms system is up and working. We have tested it several times and it works great. I feel so much better now leaving her alone.

Thanks for your help. What you do there changes peoples lives. I hope you know that. I am thankful that I found you and that you had what I needed.

I will give your name to anyone that I think could use any of your products. I will look for a few more things that might help her.

In fact I am trying the car caddie tomorrow with her. Hopefully I will be pleased with that too. Thanks again.

One thing I loved about your company is that your always answered me whenever I emailed you.

That is why I stayed with you and why I was glad I chose you." L. Nogle. NJ
