Jan. 11, 2010 - [PRLog](#) -- Eton Institute, Dubai's leading institute for training & development have been awarded the license to conduct teaching diploma and certification courses in the region by London Teacher Training Centre, UK. The teacher training courses are available through online and classroom based tutoring. In addition to continual career advice and placement assistance, at least one top-scorer is guaranteed a teaching position at the Institute.

Internationally recognised TESOL (Teaching English to Speakers of Other Languages) and, TFL (Teaching a Foreign Language) and CTEYL (Certificate for Teaching English to Young Learners) teacher certification and diploma courses will allow aspiring and current teachers to upgrade themselves and learn practical methodologies for teaching languages.

Dr. Eli Abi Rached, Director, Eton Institute commented: "Rising demand has led to an acute shortage of qualified teachers in the region with schools and other teaching institutions struggling to attract and retain professionally trained instructors."

"There aren't enough options available for teachers to get professional training and attain recognised qualifications to meet the demand. The TESOL, TFL and CTEYL diploma and certification courses provide candidates with not only a prestigious, internationally recognised qualification but also an invaluable learning experience and hands-on training."

The TESOL Diploma is an advanced course intended for English language teachers who have already completed the foundation TESOL/TEFL certification modules. For individuals aspiring to teach children, the CTEYL course specifically provides training to teach young learners between the ages of 05 to 11 years. The TFL certification course offered entirely through online, distance learning will enable candidates to teach not only English but any foreign language.

The teaching diploma and certification courses are open to any individuals meeting basic proficiency standards in English. There is no strict age limit and the candidate doesn't necessarily need to have any previous teaching experience or qualifications.
