

X.E88 Dual SIM Quad Band Mobile Phone with Bluetooth Black

X.E88 Dual SIM Quad Band Mobile Phone with Bluetooth Black www.covertronics.com sales just \$50

Jan. 14, 2010 - [PRLog](#) -- This black X.E88 is a user-friendly device with a 2.0-inch high definition screen. It has a 1.3M pixel camera for taking funny pictures and capturing clips whilst out with friends. An electric torch houses on the rear is useful for emergency, and the stereo loudspeaker is cool while sharing your music with your friends.

The XE88 has an expandable memory. It supports TF card up to 16GB and you can store what you're interested whether music, videos, pictures or e-books. Listen to music on your mobile's integrated FM radio and audio player. Just plug in the stereo headset and press the dedicated FM key or audio player key for access. The powerful audio player is compatible with music files of MP3, AMR, MID and WAV formats. You can also share your music with your friends using the integrated stereo loudspeaker. With the support of accelerometer, you can switch songs or wallpaper easily. The mobile offers Bluetooth technology, convenient for you to share and exchange multimedia with friends. The GPRS mobile internet access lets you browse the web, check your emails at will. The build-in small games give you more fun while you're free.

A back-up battery leather case is available to make the phone cooler and prevent scratching, what's more important, it enhances the standby time of the handset. It also has secure magnetic clasp closure and a sensor to lock and unlock the keypad.

This X.E88 mobile phone is really an affordable, user-friendly and worth buying phone. It blends great basic features with stylish design.
