Valentine's day is the traditional day on which lovers express their love for each other by sending cards, flowers, sweets and gifts.

The holiday is named after two Early Christian martyrs named Valentine, one of them was buried in Rome on February 14 269 A.D.

Gradually, February 14 became the date for exchanging love messages and St. Valentine became the patron saint of lovers.

With Valentine's Day just around the corner, now is the time to begin planning that special gift for that special someone in your life.

Those of you who hate shopping in stores will appreciate these Internet sites with great Valentine's Day gifts.

### Personalized Gifts

The simplest way of turning any gift into a personalized gift is by giving it a personal touch like a photo, monogrammed initials or engraving names.

Personalized Valentine's Day gifts are the perfect gift to show him or her how much you love them.

Is your significant other into art? If so, you can surprise him or her with the KISS Portrait. Your lips will become fine art and a constant reminder of your love. You'll get a lip-print collection kit featuring a M.A.C VIVA GLAM Lipstick and plenty of KISS image sheets so you can capture the perfect image. Then you'll choose the combination of color, style, size and frame. The KISS Art Portrait will come printed on archival quality canvas, ready to be granted to your love one.

Does your sweetheart like to read a lot? You may choose the Inspirations© Personalized Heart Bookmark. Engrave her/his first name on the center of the silver heart crown and he/she will enjoy it when reading page after page, book after book.

### Romantic gifts

To set the mood for romance, it's all about the little details.

If you're planning to spend a romantic Valentine's Day at home, you can create inner warmth and a romantic candlelight glow in your bedroom or bathroom with Floating Heart Candles. Light the candles and place them in your tub or a bowl for a romantic presentation. Have a glass of wine and some Sweetheart Berries to nibble on by the side of the bed or bathtub.

You can also increase the intimacy of your bedroom with "My Heart Beats for You" Couple Pillowcases as an addition to your pillow talk with your loved one.

### Sweet gifts

For some of us Valentine's day doesn't seem complete without something sweet to go with it. The Chocolate of the Month Club is the perfect gift for anyone who loves chocolate!

Each month they'll get a new, 1-pound selection of gourmet chocolates made with only the finest, all-natural ingredients and shipped fresh from specialty chocolate makers nationwide.

For a chocolate fondue, have the sofa pulled up in front of a roaring fire and use the Heart-Shaped Fondue for Two to add sweetness to a romantic evening with your significant other!

### Useful gifts

For many of us, the best things we were given were the practical things that we could use every day. The Double Umbrella is a perfect gift for couples who can't stand the thought of having two separate umbrellas when walking in the rain. The Floating Red Heart Bookends Set will definitely add some love to your loved one's library. They're meticulously handcrafted out of precious alabaster in Volterra, Italy, and have a luxurious feel that matches their striking looks.

In just 90 seconds, you can bake heart shaped waffles with the WafflePro Heart Waffle Maker, worth waking up for on Valentine's day morning and every morning after that.

### Jewelry

To spark up your Valentine's Day celebrations Jewelry gifts are a great option. The artist who made the Candy Girl necklace believes that "When you're wearing candy, you're having fun."

This candy necklace cast from original candy pieces is just like the real thing except that it's made of silver and bronze. This gift will be a significant combination of your love, sweet and fun feelings for your loved one. The Precious Hearts Birthstone Earrings are an understated symbol of love she can wear with anything while holding a special meaning to her always.

Does your man like to wear jewelry? If so, surprise him with a new piece of jewelry. Perfect enamel heart cufflinks in deep Valentine red, set in a sterling silver frame. Engrave the back for subtle personalization and to commemorate the event.

While it may remain difficult for you to think of the perfect gift for your honey, these gifts can be a starting place for your search.
