**Feb. 1, 2010 - [PRLog](#)** -- Engagement and wedding are equally thrilling moments in everybody's life. It is the turning point of life, indeed and that is why we wish to make it unique with exclusive ring, the symbol of the big day. Traditionally, rings for engagement and wedding were considered as mark of agreement among the couples and families. Even today, it is honored, as it denotes the eternal togetherness. This solitaire piece of silver or gold or titanium ring worn on the finger epitomizes everlasting commitment, love, promise, honor and loyalty.

Rings may represent a formal agreement among a man and his women, in married life, but gifting a unique engagement or wedding ring implies the exclusive love he has to offer for her. However, the trend in buying rings has changed. In earlier days, the groom selected the ring, prior to the engagement, all by himself. But today, the bride equally takes part, while shopping a ring and together they make it solitaire. Added to this, the marriage and engagement ring shopping is enchanted with the online ring stores. The couples can choose from the varied options like Celtic silver, sterling silver, Irish ring, men's special, diamond and titanium, available online either as single or as ring sets.

Once, gold and silver were the precious metals, but today the options extend widely to other precious metals like stainless steel, tungsten carbide, titanium, platinum etc. They are embellished with diamond to make it more solitaire. It was the De Beers Company that originated diamond in the wedding ring collection. But today, the idea has reached myriad people. Diamond ring goes well with white gold, yellow gold, platinum and titanium. You can decide the metal, depending upon your affordability. Undeniably, using platinum and titanium with diamonds is esteemed as exclusive ones, since these precious metals do not change in their color, throughout their life time. Generally, grooms go in for titanium ring for their engagement and wedding, as it enhances their manliness. This collection of ring for men tends to be immense and unique in the cyber stores, than in your local jewelry shops

The style in the engagement and the wedding rings has definitely changed a lot, that the simple and plain band design has shifted to assorted intricate designs. The amazing concoction of metals and stones in the rings fetch unique appearance and add value to them. . Of course, valuable metals like titanium, silver, gold blended with precious gems like diamond, rubies, emerald and sapphire are expensive. However, the online stores offering these rings offer you at a competitive price.

Updated technology is applied to bring marvelous engravings and solitaire cuttings on the special ring, making it exclusive for the big day. Today, you can even get interesting puzzle and tricky rings commonly, around the ring stores. Sky is your limit in the collection of solitaire wedding ring array. Make use of choices available with your creativity, at the time of sharing your life with someone special. Selection in the ring shows your commitment towards married life, so make it exceptional and unique.
