

Guitar For Dummies - Ebooks, Online Lessons And Resources Review

You will find thousands and thousands of eBooks, online lessons and resources over the internet. But would you know which is the right one for you ? Since I have had bad experiences myself, I will show which are the best guitar ebooks and resources.

April 8, 2010 - [PRLog](#) -- In this article I have given some useful information on 2 of the best and cheapest guitar eBooks available today - 'Pentatonic Power' and 'Playing Through The Blues'.

Pentatonic Power

This eBook is authored by Bob Murnahan, who is a highly seasoned guitarist and tutor. **This eBook is highly affordable and is priced at \$29 with 8 weeks un-conditional money back guarantee along with 3 Bonuses (that you can keep it with you even if you return the ebook).**

What really impressed me was that, the author hasn't given any false promises and claims and is without any unrealistic hype, which shows genuineness of this book.

To play lead guitar requires the study of scales. And the pentatonic scale is the easiest scale to begin with. The patterns of the pentatonic scale is pretty easy to learn, allowing guitarists from the beginner on up to quickly get this scale under control and play lead guitar.

Unlike other guitar for dummies ebooks, Pentatonic Power is fully dedicated towards the in-depth learning of Pentatonic Scales and it's applications in Rock n' Roll, Blues and Jazz. This course is laid out in 150 easy to navigate online lessons, supported by AUDIO TRACKS, one part for each day till 150 days. But, it is totally up to you how much you cover in a day. So it is highly recommended to spend at least 45 minutes a day practicing guitar with this ebook.

If you are looking for a good resource to learn guitar in a much faster way with a focus on Rock n' Roll, Jazz and Blues, then 'Pentatonic Power' is really the best, cheapest and comprehensive one that you can ever get.

Playing Through the Blues

Playing Through the Blues - <http://www.onlineguitarschools.com/playing-through-the-bl...>

This is a specialized course designed by Blues Guitarist and tutor Griff Hamlin who is a versatile and multi-skilled guitar player with a wealth of guitar playing experience, touring with various bands all over the world and recording several albums and is a seasoned educator, who has trained 100s of students.

'Playing Through The Blues' is has mainly targeted at those who can play basic solos, chords, barre chords etc. and need not necessarily have knowledge on Blues Guitar. This course is designed in a very easy to learn fashion with loads of supporting audio and video files demonstrating the exact lessons and exercises.

The supporting audio and video files makes it really helpful to understand each lesson in much detail. The author has not only explained hows and whys but also the best way to practice each of the lessons.

Playing through the Blues comes along with a 56 days unconditional Money Back Guarantee. and is priced at just \$47.

###

Are you searching for a guitar course that gives results and not a hype ? Then read my testimonial about a DVD guitar course that has won the trust of many across the globe since 1982
