

Learn Guitar Strumming Patterns

Often, finding the best guitar tutor is a big challenge in itself, and even if you find the right one, you would have to pay through your nose just for an hour of lessons. But after the internet came, it's not a big deal to get the right guitar course.

April 12, 2010 - [PRLog](#) -- There are a number of guitar styles and techniques for you to learn, from that, the most appropriate ones to begin with are learning the essential chords and different strumming patterns. This will help you develop co-ordination and strength of your left and right hands and fingers. Practicing different chord strumming patterns are good for developing dexterity. Having said about the techniques it is also important where and whom you learn it from. Because if you happen to learn the techniques in the wrong way, it can seriously hamper your playing skills. So be sure that you get the foundation from the best of the best tutor around. But now times have changed and gone are the days where you had to depend on the time and convenience of a private guitar tutor and pay an exorbitant fee just for an hour long guitar class once in a week, which in most cases turn out to be a painful drudgery.

Now you have the option of learning from the best online guitar course at the comfort of your home, at your own pace and convenience. But you should also be careful, with whom you enroll with. In this article I have discussed 3 of the most reliable, affordable and at the same time comprehensive guitar courses available.

Here they are.

Guitar Tips from Elmore Music

<http://www.onlineguitarschools.com/guitar-tips-review.htm>

Elmore Music's Guitar Tips is designed by Chris Elmore. Guitar Tips is one of the oldest online guitar courses from Australia that provides high quality learning materials for Beginners, Intermediate and advanced Level guitarists. Guitar Tips course has 8 guitar learning products to their credit. Out of which, Guitar Tips is the most popular and the best seller which is focused more towards beginners and intermediate level players. Elmore Music's flagship product is called 'Ultimate Speed Learning System' which has all their 8 products rolled into one. If you buy this product, you can get a huge discount of around \$500. You also have the option of buying them separately with a one time payment of \$27 per course. All the 8 courses can be accessed online as well as you can download them on to your PCs and access them offline. But the problem with each downloadable ZIP file is that it is very large and you would definitely require a fast Internet connection to download them, it's almost impossible to do that with a dial up connection.

Highlights of Guitar Tips Course

1. Lets Get Started(15 lessons),
2. Getting Into Chords(11 lessons),
3. Practice Different Chord Strumming Patterns(6 lessons),
4. Getting Into Leads and Scales(9 lessons),

5. Exploring Further Lead Techniques(9 lessons),
6. Hot Extras(6 lessons) and
7. Popular Songs to Learn and Play(20 lessons)
