April 26, 2010 - [PRLog](#) -- Turquoise gemstone jewelry is a popular trend these days. The turquoise gemstone is actually an extremely soft textured gem which, if handled inappropriately can easily get scratches and cracks.

It is known to have a porous cryptocrystalline structure which comes in various shades of blue and green. Spiritually, turquoise as a birthstone, belongs to the December born people. It is a renowned spiritual jewelry to enhance trust, kindness and wisdom within an individual. <http://www.hibeads.com>

The arbitrary designs of blue and green hues makes turquoise gemstone an extremely trendy yet a very sophisticated choice for jewelries. Somehow turquoise jewelries manage to steal the heart away of every jewelry lover. Its one of those revered jewelry forms which every individual yearns to possess. In certain areas it is believed that the turquoise stone derives its basic blue color from the sky hence, it is also known as "sky stone" but the fact remains that the stone sources its blue color due to major copper content, or else it would carry a green shade if the aluminum content is more.

Since natural turquoise is very expensive, turquoise imitation jewelry is fast becoming a feasible option for masses. The designs, colors and motifs are imitated as it is on a similar semi-precious stone to give it an authentic turquoise jewelry look. Such imitation jewelries are not only affordable but offer a wide range of variety too, so that you can pick jewelries which are just your kind and flaunt it with e'lan at any party or formal occasion.
