May 24, 2010 - [PRLog](#) -- The highly acclaimed and recently launched PPC marketing system, PPC Ninja CPA Traffic Dojo, is one of the most talked about marketing strategies on the internet. This amazingly effective marketing system uses dozens of secret traffic sources in order to optimize CTR and conversions. Best of all, these traffic sources (one in particular with over 2 billion page views per month) enable you to target your prospects with laser precision. This ability to limit your ad exposure to an audience who only fit a specific criteria dramatically increase click through ratio and pretty well guarantee that your conversions will always be in the double digits!

Christian Weselak, the author of this breakthrough system, is a well known and respected figure within PPC circles. His first product launch, PPC Ninja 1.0, positively transformed many marketing campaigns and bank accounts and is heralded as one of the best PPC resources ever released. Unfortunately, getting your hands on a copy of PPC Ninja 1.0 is a virtual impossibility as it was released in limited quantities- as is the current case with PPC Ninja 2.0 CPA Traffic Dojo. Fortunately, as a massive bonus to CPA Traffic Dojo, Christian is including the first release in the PPC Ninja series. So, you basically get a 2 for 1 deal when you buy PPC Ninja 2.0 CPA Traffic Dojo. Not only will you receive the exclusive PPC Ninja 2.0 marketing system but you will also acquire the highly sought prequel in the PPC Ninja series- PPC Ninja 1.0!

There are many new marketing programs that arrive on the scene but, unfortunately, most of them are just rehashing tactics and strategies that already exist. This is not the case with PPC Ninja 2.0 CPA Traffic Dojo as these secret traffic sources and the accompanying system, which maximizes their returns, are being exclusively taught by Christian Weselak. You heard that right, there is currently no other available marketing system unveiling these highly profitable traffic sources. Of course, as time progresses there will be a surge of copycats that will seek to profit off of the ingenuity of Christian Weselak's marketing system but for now this strategy is exclusive to CPA Traffic Dojo.

What does this mean to you? It means that when you buy CPA Traffic Dojo you are acquiring a fresh marketing system that has not been saturated by the marketing masses. It means you are able to expose your offers to a highly targeted audience who perfectly fit the criteria for your offer. It means that your offers will be displayed before your prospects with little to no competition. It means that you get a highly sought PPC Ninja 1.0 bonus giveaway with your PPC Ninja 2.0 purchase. It means that you will be surfing on the tsunami and not the subsequent waves.

Position yourself in the front lines to maximize your profits and minimize the competition. As mentioned previously, Christian Weselak is only releasing a limited amount of the CPA Traffic Dojo system. Be sure to capitalize off of these fresh and profitable concepts and tactics before the doors shut. If you miss this tsunami you will need to wait for the "copycat" marketing systems to arrive and by that time your competitors will be surfing alongside.
