May 27, 2010 - [PRLog](#) -- MLM NEWS: MLM Insiders, a group of highly successful online and offline marketers - have just released news on how you can PROFIT from three of the highest paying compensation plans in the world - ALL at the same time, by enrolling just 3 people.

With most MLM compensation plans - in order to make it to the top, they require you to enroll a significant amount of personal recruits in order to make any type of significant income.

With the 3Locity MAX revolutionary computer software program you will end up with multiple personal sponsorships from enrolling ONLY 3 people. The system propels you into 3 revenue streams over the course of your first 30, 60 and 90 days.

MLM Insiders searches the globe - and researches a variety of MLM, direct sales and affiliate marketing programs to find compensation plans that produce the biggest returns - the FASTEST. The group only works with programs that are designed for the masses that will payout FAST.

"In order to have rapid duplication, the average person has to make money within their first 30 days" stated Robert Corriveau - MLM Elite and Master Online Marketer. "What propels this industry into momentum the fastest is when people are making money. It's that simple. So what we do is find programs that pay people the most amount of money for the least amount of start-up costs and the least amount of recruiting. What makes our new program so unique is that from a low ONE-TIME out of pocket start-up cost - marketers can now experience the benefits of 3 streams of income FAST. 3Locity MAX will break sales records and income records like you've never seen before".

Butts builds his businesses with the same philosophy that Corriveau does. "Help people make money their very first month and they will stay committed to the program forever".

Corriveau and Butts develop online marketing systems that are designed to put the average networker into above average income within their very first 30 days. "It is the goal of every Network Marketer to make big money" stated Butts. "I mean let's face it, that is the #1 reason that people get into the industry of MLM. The dream to be financially free".
