PS3 game testers are in demand by Sony Corporation! Each month Sony releases a bunch of new titles which means that they are looking for game testers all the time. Want to get a game tester job? Start by becoming a PS3 game tester.

Why are outsiders chosen by gaming companies to test their products?

Many games that have not been released yet have to be tested to get the bugs out. That is where the game tester comes in. No company wants a huge amount of refunds to occur because their products have too many defects.

You might be wondering why developers are not hired to do this job. Testing these games takes a lot of hours which programmers do not have time to do as they are busy making adjustments and creating games.

What kind of income can a game tester make from Sony for the PS2 and PS3?

Good money can be made. Starting out you can look at making up to nine bucks an hour with the earning potential with experience as high as twenty bucks an hour or more.

Where can you find these PS3 video game tester jobs?

Are they located on the website of Sony? Do newspaper have them in the classified ads? No way. Membership websites are the only way to find these job postings unless you know someone on the inside at Sony to help you out.
