

Out-of-town Roofing Fraud Alert!!!

Local, quality roofers ready to provide first rate services

June 1, 2010 - [PRLog](#) -- Hello,

My name is Adam and I am compelled to contact you in regards to the numerous out-of-town roofing fraud alerts that have been circulating after the horrendous Hail Storm that assaulted the OKC (Oklahoma City) area recently. While consumers MUST be aware of possible frauds when choosing their next roofing provider, all out of town roofers are not fraud artist, there are just as MANY defrauding artist here locally in OKC... These repeated warnings are good for making the consumer aware. However, it is making it EXTREMELY difficult for us locally owned and reputable roofers to operate when the consumer already has the mindset that roofing companies are just out to get their money and leave the consumer with nothing to show. Take for instance the company I am with "RITE WAY ROOFING"

- * Operating from Del City since '99
- * Associated with Roofing Contractors Association (RCA), Better Business Bureau (BBB), and National Roofing Contractors Association (NRCA)
- * Has a BBB rating of 4.9/5.0
- * Over 34 years of experience in the roofing industry
- * Operating with the same crews for 13 years
- * Able to remove old roof, install new roof and remove all debris within one day.
- * STATE FARM PREFERRED CONTRACTOR SINCE 1974
- * Countless local references boasting of our quality work and professional manner
- * just to name a few of the points
- * I, myself live in Tulsa, Go Talons!!!

There are roofing companies who are genuinely concerned with providing a quality service, such as "RITE WAY ROOFING" whose reputation and references speaks volumes on who they are and how they operate.
