

## **Sothink Logo Maker Allows You to Design Professional Logos in Minutes**

*Sothink Logo Maker, helps even novices to make high-quality company logo, button, icon, signature, etc. for website, blog, forum, email, etc.*

**June 1, 2010** - [PRLog](#) -- May 21, 2010 - SourceTec Software proudly announces the release of Sothink Logo Maker V1.2 (<http://www.sothink.com/product/logo-maker/index.htm>). It is an intuitive and easy-to-use tool for logo design. With 150+ well-designed logo templates, a resource library of 2,500+ elements, 550+ preset color & effect combinations, it enables even the novices to customize a logo by clicks. All you need to do is to pick a stylish template, enter the company name, select your favorite resources by keyword or category, and refine the design with specific colors and effects.

You never need to worry about sharing the same logo design with others, because you can freely customize the logo layout and the effect settings like Color, Shadow, Bevel and Glow. Besides, Logo Maker V1.2 also supports the function of importing external resources. You can import images (Get logo design resources from <http://www.logo-maker.net/>) and SWF files into a project, and the images as well as the vector graphics extracted from SWF files can be conveniently reused. All these functions aim at providing the users numerous logo designs.

Main features of Logo Maker:

- \* Easily creates professional company logo, button, banner, header, icon and signature for website, blog, forum, email, etc.
- \* The 150+ templates are divided into five categories by theme.
- \* In the resource library, you can find an element by category, or search any element by keyword.
- \* Offers 550+ preset color & effect combinations.
- \* Customizes special effects like Color, Shadow, Bevel and Glow.
- \* Imports images of JPG, PNG, GIF or BMP format.
- \* Imports SWF files and extracts vector graphics to reuse as high-resolution logo image.
- \* Exports logo graphic to JPG, PNG or BMP format.

Download Logo Maker (<http://www.sothink.com/product/logo-maker/download.htm>) to have a try!
