

## **New Market Research Report: Hong Kong prepaid mobile market**

*Recently published research from Ovum, "Hong Kong prepaid mobile market", is now available at Fast Market Research*

**June 9, 2010** - [PRLog](#) -- Hong Kong is one of the most competitive and mature telecoms markets in the Asia-Pacific region. Although Hong Kong operators have traditionally received more revenues from post-paid services, prepaid is becoming increasingly important, and more prepaid services and applications are emerging. This report shows the current status, competitive environment, KPIs, operators' offerings, and future trends of the Hong Kong prepaid mobile market.
