*Chilli Willy launches its much awaited forums where its users can share and learn about all things chilli, including recipe ideas for spicy cooking, growing your own herbs and vegetables, cooking for a healthy lifestyle and much more.*

Chilli Willy, a UK based chilli company has launched its Official Chilli Willy forums, which will provide a valuable and useful place for chilli-heads worldwide to share and learn about all things chilli related.

Chilli Willy already offers a host of unique chilli products including their Infamous "Grow your own" Chilli Willy kits, which as you may have already guessed, allow you to grow your own totally natural and fully edible phallic shaped chillies as the name suggests!

But that's not all. Chilli Willy is serious about chillies and revolutionising cooking.

"Chilli Willy is a company that is passionate about chillies and all that they have to offer" says Luke Carter, Managing Director of Chilli Willy UK. "Chillies are growing increasingly popular and we want to be the first people you think of when you think spicy food; and launching the Chilli Willy forums is our way of letting people be passionate together".

Chilli Willy forums is the place to be for all things chilli and invites you to join the community where you can share chilli recipes, spicy cooking recipes, tips on cooking with herbs, healthy cooking tips and lots more including growing your own chillies and herbs and lots more spicy cooking related chat.

The Chilli Willy Company is also developing an exciting new range of pepper sauces and salsas that they say will mesmerise.

You can follow Chilli Willy on Twitter or become part of the revolution online at the Chilli Willy forums.
