At one point or another, just about all of us have thought about skipping school for a day. The kids who inhabit Ofer Aronskind's young adult novel entitled "The Celebrities of Summer School" do just that. On a dare, Mattie Kleinfeld and his three buddies ditch school, hop a train and take off for the big city. In search of Mattie's summer camp girlfriend, Nicole, the boys take off for NYC and soon find themselves in all sorts of crazy adventures. From escaping a mugging to running away from a deranged cab driver to crashing a private party, the boys go from one end of the city to another. From the Empire State Building to Radio City Music Hall, the boys hit all the hotspots of NYC at Christmastime.
