OBAMA GUILTY of BEING PRESIDENT WHILE BLACK

OBAMA GUILTY of BEING PRESIDENT WHILE BLACK examines how the shadows of oppressive Jim Crow laws played a role in the hate spewed towards the 44th President of the United States. The role of race and gender was front and center during the presidential campaign. How a woman was used as a human shield by the Republicans is also clearly illustrated. Barack Obama received a mandate in the general election. A few months later, it was a curious sight to witness people gathered around town hall meeting sites bearing signs depicting the President as Hitler, socialist or a tyrant. Some even carried guns and a pastor prayed that Obama would die. A Republican Congressman even called President Obama a liar on national television during his health-care speech to a joint session of Congress. There was something much deeper at play with President Obama and it centered on his race. Find out how questions about the President's birth, religion, economic policies and patriotism were all smoke screens for feelings as old as the United States itself.

TARP Town USA - The Recession That Saved America

The United States experienced the emergence of an economic crisis in the last quarter of 2008 that was the worst since the Great Depression. It quickly became evident that the cause of this financial meltdown was a perfect storm of multiple factors including irresponsibility, greed and lax oversight. Some hardworking citizens found themselves living in foreclosure riddled neighborhoods and tent cities that the author has labeled - TARP Towns - after the Troubled Assets Relief Program approved by Congress in October of 2008. ESSENCE® bestselling author D T Pollard expresses a unique view on the economic crisis that exploded onto the scene in 2008 and describes how that financial downturn may save the United States of

America from itself.

Fools' Heaven - Love, Lust and Death Beyond The Pulpit

The journey from obscurity to religious super-stardom is fraught with many challenges, including racial discrimination, drugs, deception, moral depravity, sexual assault, and a murder attempt—all in the name of religion.

Spanning more than fifty years, this engaging novel focuses on this determined interracial couple who learn that life can take them from the humblest beginnings to the highest of heights, even as they struggle to maintain their perspectives.

Rooftop Diva - A Novel of Triumph After Katrina

ESSENCE Bestseller

...she was called the rooftop diva by the man that saved her, but she never knew his name. She must have passed out because the next time her eyes opened she was surrounded by a throng of people at an aid station. A kind lady gave her a cold bottle of water and then reality started to settle in that all she owned was clinging to her in the form of the clothing she wore.

“Has anyone seen my grandmother Martha Devareaux?” she inquired and all that met her was a blank stare and a shake of the head for no.

Deep down inside her mind, she knew that her grandmother was floating in the water that swamped their house. It came in so quickly. By the time Monique realized what was happening it was up to her neck. She called for her grandmother, but at eighty years old and wheelchair bound, there was little chance that she survived. Not only was she homeless and destitute, she was also alone.

Could Monique rebuild her life in a new city while encountering wealth, love, violence and betrayal along a twenty year journey after Hurricane Katrina?

The Mark Unmasked

“And that no man might buy or sell, save he that had the mark, or the name of the beast, or the number of his name. Here is wisdom. Let him that hath understanding count the number of the beast: for it is the number of a man; and his number is Six hundred threescore and six.”

Author D T Pollard solves the ages long mystery surrounding the mark of the beast, 666, from the Book of Revelation in the Christian Bible. It is explained in such a blunt and straightforward manner that some readers will be stunned at the answer.

The mark is here and is being utilized daily.
