Ducommun Aerostructures Inaugurates Mexican Production Facility

The Ducommun Corporation will begin to manufacture aerospace parts and components in Mexico under The Offshore Group’s Shelter Program.

Oct. 9, 2007 - PRLog -- The Grand Opening celebration to mark the inauguration of Los Angeles, California-based Ducommun’s new Mexico manufacturing facility will take place today at The Offshore Group’s Roca Fuerte industrial park in Guaymas, Sonora, Mexico.

Ducommun Incorporated’s newly established plant will produce aerospace components and subassemblies for commercial aircraft. DAS is developing the site, within The Offshore Group’s industrial park, to accommodate the future expansion of the facility as required to meet the needs of the global marketplace.

Joseph C. Berenato, chairman and chief executive officer of Ducommun, stated, “We are pleased to begin the operations of Ducommun Aerospace (Mexico) Ltd. The new production facility will allow DAS to increase its productivity and competitiveness which will enable DAS to seek new business in the highly competitive global aerostructures marketplace”.

Founded in 1849, Ducommun Incorporated provides engineering and manufacturing services for the aerospace and defense industry.

###

The Offshore Group has enabled manufacturers and to initiate and maintain production facilities in Mexico at reduced costs and risks since 1986.
