

Looking for a quiet weekend away from the world? Rent a cottage in Wales!

Wales' wonderfully untouched, serene countryside is the perfect destination for that quiet, weekend getaway. Side-step bothersome hotel booking procedures and save money by renting a holiday home for your vacation in Wales.

April 25, 2008 - [PRLog](#) -- Far away from the claustrophobic confines of the city, right in the middle of the gorgeous Welsh countryside – with no one for company but the trees and the wind. No, you don't have to be the fabulously rich owner of a holiday home in Wales to have all that. With the cottages and caravans for hire on <http://www.shawsholidays.com/>, you can now experience the comfort of a quiet cottage, avoiding the unnecessary trappings of a fancy hotel, without having to shell out bags of money.

Shaw's Holidays, established in 1971, offers customers the opportunity to rent cottages, caravans and chalets all over the Llyn Peninsula, Snowdonia and on the Isle of Anglesey. Each of these can accommodate different sized-parties and some accept pets and are available on weekends. The website offers virtual tours of all properties available as well as all the information necessary, including when during the year it will be available for hire and its capacity.

The website provides everything a tourist needs to make an informed choice – price structures, depending on seasonal pricing changes and special offers are profiled on the site, along with basic information on exactly what the cottages offer and what they don't. The locations of the properties are also quite conducive to sight-seeing and participation in the other activities that Wales has to offer, like kayaking, mountain-climbing and surfing. The gazetteer on the site offers some information on the various villages and hamlets that each property is in, as well as offering visitors a map of the region.

A beautiful gallery of photographs of the region is also on the website and, along with the virtual tours of each property, is quite persuasive in increasing the region's appeal! The website offers contact information and an online booking facility to make the entire process even simpler and quicker. Your perfect holiday in a quiet, secluded Paradise is not so inaccessible after all – rent a cottage in the heart of beautiful Wales and take yourself away to another world. Visit <http://www.shawsholidays.com/> today to find your dream holiday home.
