Aug. 9, 2008 - [PRLog](#) -- Men's Height Increasing Shoes.

Our range of height increasing shoes elevate and raise your height by 3.5 inches and can be considered men's high heel shoes for those who are looking how to become taller. Elevated shoes and boots cleverly built, trendy styled make you instantly taller without knowing others. The internal light-weight sole build up in the heel of the shoe is almost undetectable with the sole the same thickness of the ordinary shoe.

Our height shoes build up improve your posture and gives you a feeling of positive well-being. Our elevator shoes are tonic for men, so much so that they are often worn by men of over average height and not just shoes for short man. Elevator shoes encourage you to stand with your shoulders square and your head up. Our shoe lifts give support to the arch and a spring in the step so that you will never want to be without them. Our height increasing shoes give the maximum safe height increase. We have many customers all over the world enjoying the benefit of looking taller from our lifting shoes. Any man who want to become taller should give tall shoes a trial, they will not be disappointed.

We specialize in direct import of elevator shoes brands named ZUNI LUX, JO PA, HEZEL, T2R etc. from world wide such like Made in Korea and Made in China, distribution and marketing of domestic and develop branded consumer goods internationally. Our head quarter with a warehouse is located at 2059 37th St, Vernon California. We are interested in providing local shoes stores with quality, prompt service and accurate domestic distribution of mens tall shoes. We'll offer competitive pricing for your local shoes store than any other shoes company like richlee, constep, toto, calden, bugarrie and walktall shoes companies.
