**Bangkok, Thailand** - Soni Motors Thailand (<http://www.sonirodban.com/>) as Thailand's and Asia's top 4x4 dealer and 4x4 exporter has led the Thai automotive scene for the past 30 years and Asian auto industry for the past 97 years. Asia's oldest dealership exports all new and pre-owned Thailand-assembled Japanese and American 4x4s **Toyota Hilux Vigo**, Toyota Fortuner, Mitsubishi L200 Triton, Nissan Navara, Isuzu DMax, Isuzu MU-7, Chevy Colorado and Ford Ranger among others to 100 countries in the world. Soni and its sister companies Jim 4x4, Bloomstar and Yasir are all Thailand's top exporter of 4x4 spare parts, 4x4 accessories, 4x4 rims, 4x4 wheels, 4x4 lighting and 4x4 tires.

Sam Quraishi commented, "Thai automotive scene keeps changing as few auto exporter survive beyond their second anniversary. Soni has not only survived but thrived and it is thanks to our low price, quick delivery, honesty, integrity, professionalism and customer service. Our dealer customers love the fact that not only we offer them the lowest price in town but are also able to get them the vehicles within a week. The fact that we are shipping hundreds of vehicles a week means that our vehicles are always in stock, they are of the freshest manufacturing stock and are shipped very quickly. If a customer buys from another vendor the shipment may take weeks to ship which means that his investment is sitting idly while he and his customers wait. When he places an order with us and receives vehicles quickly he is able to increase the velocity of his money. His vehicle arrives quickly, he sells it quickly and places an order right away to keep the cycle going. 'Time is money' maxim is realized in our speed of delivery.

Sam added, "speed of delivery becomes all important when new models are released as customers of our dealer and distributor clients are lining up to get their hands on the new model. We therefore work twice as hard to get the new models within the first week of their delivery in Thailand. When Toyota Hilux Vigo was released in 2004 we made history by not only releasing information before everyone else but also by shipping it within two days of its delivery. We kept repeating this tradition with release of other models. Toyota Fortuner 2009 model was eagerly awaited. Our website was profiled on automotive industry blogs as our [a href="<http://www.sonirodban.com>"][www.sonirodban.com](http://www.sonirodban.com) site trumped everyone by releasing first sneak pics of the upcoming model and released its details. Our [a href="<http://www.sonirodban.com/toyota-fortuner-2009.html>"]<http://www.sonirodban.com/toyota-fortuner-2009.html>

"<http://www.sonirodban.com/toyota-fortuner-2009.html> page continues to receive unprecedented hits from fans of this great-looking SUV in all parts of the world. We have made history once again by shipping Toyota Fortuner 2009 in one day of its release. We intend to repeat this new history with the upcoming release of Toyota Hilux Vigo 2009 model and Mitsubishi Pajero Sport SUV 2009 model."

Soni Quraishi said, "Our founder espoused the principles of honesty, integrity, professionalism, customer service, low price and top quality in 1911 at the founding of our business. We are just as committed to these principles as our founding fathers. As we celebrate our 10 decades in automotive industry, we must remember that Soni is the uncontested King of the 4x4 due to the vision and untiring dedication of our founders. This goes to show that adherence to old fashioned value is still the recipe for long term sustained success."
