The Netherlands is a Benelux country located in Western Europe and a founding member of the European Union. The Netherlands is bordering Germany to the east and Belgium to the south. To the west, the country faces the North Sea and the United Kingdom. The people, language, and culture of the Netherlands are referred to as "Dutch". IzziCar.com is happy to announce their services have expanded into the two most popular cities: Amsterdam and Rotterdam.

The Netherlands has many cities and towns of interest to travelers. Most popular is of course Amsterdam. Amsterdam is the capital city of the Netherlands with impressive architecture, lovely canals that criss-cross the city and great shopping. There is something for every traveler's taste here, whether you prefer culture and history, serious partying, or just the relaxing charm of an old European city.

There are a number of ways to get into the Netherlands. From neighboring European countries, a drive with the car is feasible. Try using IzziCar.com, you won’t be sorry, because it is proud and pleased to offer the best bargain available. Visitors from further away will probably be using air travel. Amsterdam Airport Schiphol is the Netherlands’ main airport, located 20 minutes southwest of Amsterdam.

There is a lot to see in the country's second largest city, Rotterdam. The city was known for having the world's largest port, but lost the title in 2004 to Shanghai. It may feel difficult to get in touch with the heart of Rotterdam; its natural center was bombed away during world war two in 1940, forcing the city to renew itself completely. The result is a lot of modern architecture. Rotterdam is also known because of its rich history.

When traveling by plane, the Rotterdam airport is mainly attended by low-cost airlines, so you can save enough money to have some extra fun while exploring the city.

If you decide to travel by car and rent it, try renting a car at IzziCar.com. You will be able to explore all the Netherlands has to offer with only a click of the mouse!
