Nov. 4, 2008 - PRLog -- Bucharest, Romania – Board of European Students of Technology, an international student’s organisation, gathers for their XIVth Presidents' Meeting.

BEST (short from Board of European Students of Technology), is a constantly growing non-profit and non-political organisation. 79 Local BEST Groups in 30 countries are creating a growing, well organised, powerful, young and innovative student network.

Twice a year, the organisation gathers presidents from all local BEST groups and members from international teams to work and share knowledge, improving the organisation.

One of these meetings is President’s Meeting. From big cities like Paris or Madrid to little ones, such as Maribor and many others, BEST joins friends, engineers-to-be, and the PM is their way of keeping in touch.

This edition, we have Adobe, ING, Schlumberger, Opera Software, Continental, Veolia Water, BRD, Air Liquide, Airbus, Vestas, GMV, Alcatel-Lucent and Whirlpool as partners for the event.

The first day of the Presidents' Meeting, BEST organises an Official Opening Day, where partners make workshops, meet and discuss with students from all over Europe.
