**April 2, 2009 - [PRLog](#)** -- As of recent here are some other popular questions that customers have been asking.

### **I know what car title loans are, but how do I apply for car title loans in Los Angeles, CA?**

There are two ways for customers to apply for car title loans. People can simply call 1-800LoanMart or they can go to our website 800LoanMart.com and fill out our online application. Whatever is more convenient to our customers. The online application will be sent to our corporate offices to be processed and customers will receive a call back almost immediately or within 2 hours.

In the phone consultation, customers should feel more than welcome to ask specific questions regards interest rates or repayment options. In fact, we encourage them to write a list of questions down before contacting us or before we contact them, so they become fully aware of our policies. This only makes the applicants more credible and able to repay the title loans. **It is only when customers are unaware of the stipulations in the contract that they realize they should have taken out a more affordable loan.**

### **How long does title loans take to process? What documents do I need to qualify?**

Car title loans in California have never been easier to get. Customers of <http://800LoanMart.com> can receive title loans in about 2 hours if they know the necessary steps.

These steps go as follows:

- provide drivers license
- verification of address with delivered mail to your address with your name
- cell phone number if the customer has a valid cell phone
- references that can be contacted on your behalf
- car title document, sometimes we except a copy
- proof of insurance, if customers do not have this, most title loans will provide it for them
- proof of income, some form of income to make repayment on the loan, be responsible

The list above will be covered in the phone call and can be faxed in, thus completing the qualification process. Please listen to our title loan consultant because he/she will mention specific amounts of references and address verification mail that need to be faxed in. Why fax in documents more than once? It is prudent to have a pen & paper to take notes.
