Crossover Medical Technology Inc. Philadelphia PA: 100 seater to be added to existing center in Pune

To meet the larger delivery capabilities Crossover Software Technology announces its expansion of Pune, India unit

June 16, 2009 - *PRLog* -- Pune – Crossover Software Technology Pvt. Ltd., www.crossoverint.com, one of the premier service providers in the healthcare sector today announced the expansion of its Pune, India unit. Crossover plans to add 100 more seats to its existing unit over the next few months.

Jehangir Spencer, Director, says, "Our expansion plans are in line with projected business inflows and new client acquisitions over the next year. Crossover has seen 100% year on year growth over the last decade and the medical transcription industry continues to show quantum growth trends. New processes in healthcare documentation continue being outsourced to India, and we would like to be prepared with larger delivery capabilities."

Shumu Gupta, Managing Director, believes that, "The new addition to the unit will significantly increase our capacity and improve the overall flow of our production processes. The expansion was fueled by the continued growth we have witnessed in recent years. The new facility will enable us to successfully meet the rapidly growing demand and to better serve our clients around the world. Moreover, a substantial part of the new capacity is going to be for our product development team which is currently working on the commercial launch of it's workflow management platform - CrossDOCS."
