Gloucester Decorators Hit The Double

A Gloucestershire painting and decorating firm hit the double at a prestigious national awards ceremony that recognises the cream of the industry’s talent.

June 25, 2009 - PRLog -- P & S Timbrell Decorators Ltd, of North Nibley, saw off competition from across the UK to take the Small Contracts category at the Premier Trophy Awards, organised by the Painting and Decorating Association (PDA).

The award was presented for the quality of their work at St Peter’s Catholic Church, in Gloucester.

P & S Timbrell Decorators Ltd also scooped the PDA’s Environmental Excellence Award for their work at the church, located on London Road.

A new award from the PDA, this was the first year the ‘green’ accolade was given. Judged by the Association, it was presented to P & S Timbrell Decorators Ltd for their use of sustainable products and materials.

Father and son team Peter and Stephen Timbrell, both directors of the company, together with their wives Margaret and Carolyn, travelled to London for the prestigious ceremony, held at the magnificent Painters’ Hall. Canon Bernard Massey, of St Peter’s Catholic Church, also attended the event.

Carolyn Timbrell, who is also a director of P & S Timbrell Decorators Ltd, said: “We were delighted to achieve both awards. The paint industry is changing with the development of more environmentally friendly products.

“Much of the work we do centres on traditional materials and techniques, however we also try our best to keep up to date with new technology. We are always looking for environmentally-friendly alternatives and are delighted our work has been recognised by the PDA with their first-ever environmental accolade.”

Paul Marsden, chief executive of the PDA, said: “P & S Timbrell Decorators Ltd demonstrated great craftsmanship, skill and expertise with the project at St Peter’s Catholic Church, combined with a commitment to the environment. “To achieve both awards, which recognise and reward the highest standards in the industry, is an incredible achievement.”

Notes to Editors

The Painting and Decorating Association, which has its headquarters in Nuneaton, was established in July 2002, following a merger of the British Decorators’ Association and the Painting & Decorating Federation. The British Decorators’ Association was originally founded in 1894.

The PDA is Britain's largest trade body, dedicated to the painting and decorating trade. Members include sole traders through to large-scale national contractors employing hundreds of operatives. Decorators looking to become members of the PDA are rigorously vetted prior to admission. Members are committed to the highest standards in health and safety practice, as well as training development.

The PDA is proud of its long history and high standards, and a registered member can be relied upon to do a good professional job at a fair price.
