

Dulles Case Center is now a Hardigg Dealer

Dulles Case Center is named as one of the new Pelican Hardigg Core Dealers, one of only 38 in the United States

July 16, 2009 - [PRLog](#) -- Dulles Case Center now carries the complete line of Pelican, Storm and Hardigg cases. As a former Master Distributor of Pelican cases, Dulles Case Center has been named as a Core Dealer of the complete Pelican line which now includes Hardigg cases. We are proud to have earned this distinction as there are only 15 Pelican dealers nationwide out of 2200 offered this opportunity after Pelican purchased it's rival Hardigg in January 2009. Dulles Case Center can now supply the complete line of injection molded, rotationally molded, and rack mount cases from the Pelican and Hardigg lines. As the only stocking dealer in the DC area with a showroom, warehouse, and custom foam manufacturing facility we are excited to expand our offerings to our customers who need to deploy their equipment, electronics, and valuables right now. The Pelican, Hardigg, and Storm line of cases are recognized by the military, consumers, and first responders as the best in transit cases and reusable shipping containers. Dulles Case Center adds value to these cases by producing quality foam inserts to protect electronics, equipment, and other valuables in transit. Dulles Case Center is located at 22977 Eaglewood Court, Suite 160, Dulles, VA 20166, (703)689-4556, www.dullescasecenter.com.

###

About Dulles Case Center: Dulles Case Center is the Washington DC area's only stocking dealer of Pelican and Hardigg cases, with a full inventory and showroom, along with fabrication capabilities and manufacturing facility to produce custom foam inserts to protect electronics, computers, equipment, and valuables for defense contractors, OEM's, businesses and consumers.
