Skiing is fun, but Ski barn knows it can be expensive. Thats why we give New Jersey residents huge savings on seasonal rentals. Plus, when you rent from us, we give you Free Lift Tickets. Trust the pro's at Ski Barn, NJ

Oct. 28, 2009 - [PRLog](#) -- It's almost ski season and you need your equipment. If you live in Monmouth County and plan on renting skis or snowboard equipment, make sure you visit our snow-super-store on Rt 35 in Eatontown, NJ.

Not only do we rent you skis and snowboards that are the newest models, but our expert staff is here to help you get the perfect fit and package for your ability and needs.

Besides the best and least expensive Ski Rental service in New Jersey, we also have all the accessories you will need to hit the slopes safely and in style.

Ski Goggles

Ski goggles enhance your vision on the slopes and are a barrier against the cold and wind, too. On warmer days, sport sunglasses may be an option, too. Make sure ski goggles are part of your skiing wardrobe.

Ski Helmet

While cross country skiers may opt for a hat, a ski helmet is necessary for downhill skiers. With today's modern, attractive helmets, there is no excuse for not wearing a helmet. You can still have fun with a helmet, too - coordinate to it your outfit (ski helmets today aren't just black or silver, but they come in a multitude of colors) or cover it with stickers from your favorite ski resorts. It shouldn't even be a question - why risk a head injury? A ski helmet is necessary for safe skiing.

Ski Socks

Your average athletic cotton socks aren't optimal for skiing. Cotton absorbs sweat and makes you cold. Wearing one pair of socks designed for skiing is best. Knee-high, technical ski socks wick away moisture but provide insulation, as well.
